

Information for customers and suppliers: REACH Regulation

Regulation (EC) No 1907/2006

The European Chemicals Agency (ECHA) publishes a list of substances of very high concern (SVHC) that meet the criteria of Article 57 of the REACH Regulation and have been identified in accordance with the procedure set out in Article 59 of the Regulation (Candidate List). The Candidate List is updated regularly and can be found at the following link:

Stefan Pfaff Werkzeug- und Formenbau GmbH & Co. KG is a downstream user within the meaning of REACH and is therefore not responsible for the registration of substances. Our suppliers are obliged to inform our purchasing department if the products we obtain from them contain substances included in the Candidate List (cf. Article 33 REACH). For the implementation of REACH we rely on the information provided by our suppliers and are in regular exchange of information with them.

To the best of our knowledge and based on current product information from our suppliers, our products are not expected to contain substances included in the current Candidate List in a concentration above 0.1 % by weight (w/w).

Stefan Pfaff Werkzeug- und Formenbau GmbH & Co. KG is aware of its responsibility within the supply chain and complies with the requirements of the REACH Regulation. We are aware of our information obligations under the REACH Regulation and take them very seriously for the well-being and protection of our customers. We therefore provide our customers with all necessary and available information for the safe use of our products.

If you have any further questions, please do not hesitate to contact us.
